Web Announcement 2346

Error Code 1082 (Referring National Provider Identifier (NPI) Cannot be the Same as Servicing NPI)

Effective August 3, 2020, claims submitted by providers who are not required to include the National Provider Identifier (NPI) of the Ordering, Prescribing or Referring (OPR) provider will no longer deny with error code 1082 (Referring National Provider Identifier (NPI) cannot be the same as servicing NPI).

Error code 1082 will audit claims only for providers who are required to include the NPI of the OPR provider on their claims.

As a reminder, provider types required to include the NPI of the OPR provider are:

Provider Type	Provider Type Description
15	Registered Dietitian
17 (specialties 167 and 196)	Special Clinics (Genetics and Special Children's Clinic)
